### NOTICE OF ALLOWANCE

1. Claims 3 and 5 are allowed over the prior art of record
2. The following is an examiner's statement of reasons for allowance:

Birchler et al (4,043,027) disclose an apparatus for forming terminal connecting portion of conductor wires (Figs. 8a-c), comprising an upper mold (62) with a dome-shaped ceiling face (66) having a curvature to form a corresponding curve on the product (110), and a lower mold (60) having vertical side faces (both side of the cavity 64) and a bottom face (65) which defines a lower part of the molding cavity.

However, Birchler et al fail to disclose a system comprising a combination of a terminal fitting including an upper curvature face and an upper mold having a dome-shaped ceiling face, which is made coincident with the curvature of the upper face of the terminal fitting so that the thickness of the moldten resin between the ceiling face and the upper face of the terminal fitting is substantially identical

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thu Khanh T. Nguyen whose telephone number is 571-272-1136. The examiner can normally be reached on Monday- Friday, 6:30-4:00.
